

(September 26, 2005) Congressman Lipinski Hosted Education Summit

Congressman Lipinski Hosted Education Summit

WASHINGTON, DC - To help address the challenges facing Third District schools, Congressman Dan Lipinski held an Education Summit with local educators along with state and federal education officials on September 24 at Lyons Township High School in La Grange. The discussion led by the Congressman, a former educator, involved several topics, specifically the No Child Left Behind Act, which is a federal mandate that holds state and local agencies accountable for K-12 education.

Pictured above, Congressman Lipinski discussed education issues at the Education Summit.
