

## Education

As a former educator, Congressman Dan Lipinski understands the tools needed for educators to be productive in educating our nation's youth and that every child's future depends on receiving a quality education.

Congressman Lipinski has met with educators and students throughout the 3rd district and in Washington D.C. to discuss the importance of education and issues relevant to the success of a K-12 curriculum. Congressman Lipinski is working in Washington, D.C. for revisions to the No Child Left Behind Act and increased funding for local schools.

Congressman Lipinski is also committed to improving the access to financial assistance for all students so that every one who chooses to earn an advanced education is able to do so financially.
